

The Parable of the Sower

Refer to Mark 4

You probably know this parable very well. 1) Describe the four types of ground the seed fell on:

1.
2.
3.
4.

2) What does Jesus say the seed represents? (v 14)

3) Where does this seed, the Word of God, fall? (end v 15)

4) Who acts like the birds taking away the seed on the path? (v 15)

5) What is the problem with the plants growing in the stony ground? (v 17)

6) What stops the 'seed' on the thorny ground from growing properly? (v 19)

7) What happens to the 'seed' which falls on good ground? (v20)

Have you thought of your heart like that? Which sort of ground are you most like? Ask God to give you a heart that believes and trusts in Jesus.

Different types of ground

The seed is God's Word. It is always the same, whichever heart it is sown into. But the results are very different. The problem is not with God's Word! Where is the problem?

Link up these words with the correct heart:
